ORIGINS OF
OUR COLLECTION

A SOLAR PROTECTION FABRIC MUST **LIVE
IN HARMONY** WITH ITS ENVIRONMENT:

- **IT CREATES A DIALOGUE** WITH ARCHITECTURE, BUILDING MATERIALS AND THE OUTDOOR ENVIRONMENT.
- IT IS COORDINATED WITH YOUR INTERIOR DECORATION FOR **TOTAL INDOOR/OUTDOOR HARMONISATION**.
- IT INTERACTS WITH DAYLIGHT TO **ENHANCE COLOURS**.

SMART + DESIGN

FEATURES A COLLECTION THAT TAKES
A FRESH APPROACH TO **COLOURS,**
TEXTURES AND RHYTHMS.

— COLOURS

Addition of subtle or stand-out colours to create a cocooning environment, reconnect with our planet or assert your personality.

— TEXTURES

The weaving reveals itself in 3 dimensions and in the daylight. Textures add character and authenticity to the fabric.

— RHYTHMS

Rhythms are more contemporary and reveals Dickson's identity.

- Genesis of this collection is based on **3 KEY FOCUSES** and was developed in collaboration with NACARAT color design agency
